*31<sup>st</sup> August 2020*

Dear Mr. Craig Fitzpatrick,

**RE: THANK YOU**

Warm greetings.

Thank you for your support and presentation re:-“ **Online learning tools** as Director of World Continuing Education Alliance (WCEA), at our 2<sup>ND</sup> National Health Care Conference. It was remarkably interactive.

I wanted to thank you for serving as a guest speaker. When planning an event such as this, it is imperative to gain the participation of experts in the field. Your willingness to share your time and expertise in this area was critical to the success of this event. It was interesting to hear about your experience and the slides you shared. We thank you so much for sharing your time and experiences with us. We were pleased to have your participation and we thank you for your valuable contribution. The conference booklet will be available soon.

We were fortunate to have a wide range of speakers from all arenas and it is our collective efforts and thoughts on sharing knowledge best practice that will bring us closer to resolving these important issues. Judging from the comments of those who attended, the conference was extraordinarily successful. Most of the credit goes to you and the others who gave such interesting presentations. Several of our colleagues are looking at ways that they might implement some of your suggestions. The consensus is that they would like you to return next year as a follow-up to this event. Let me know if that is a possibility. We hope that you will want to be involved in our conference next year. We will send you a call-for-presenters form as we get closer to next year's conference.

These training conferences are not meant to be single events, but a starting point for the work that must be done to empower our colleagues with skills, competencies, and tools. The goals are to:

- Join the global NNC to raise the profile of nurses and midwives who make up nearly 80% of the front-line health care workers in Uganda.

- Build nurses and midwives' self-esteem, confidence, and value; enhance the image of the profession and promote our core values of public safety and well-being.
  - Enable knowledge transfer and sharing through strategic collaboration with national and international experts.
  - Widen the network of professional contacts and business associates within the health professionals' groups
- Please be sure to visit <https://www.nhccuganda.com> and register to be one of our ongoing experts as we build our capacity.

~~Judging from the comments of those who attended, the conference was extraordinarily successful. Most of the credit goes to you and the others who gave such interesting presentations. We hope that you will want to be involved in our conference next year. We will send you a call for presenters form as we get closer to next year's conference.~~

On behalf of the Nurses and Midwives, the members of the team NHCC 2020 and the board members please accept our sincere appreciation for the outstanding presentation you made.

Yours sincerely,  
Elizabeth G M Pearson
