**CONTINUING PROFESSIONAL DEVELOPMENT (CPD) VIA WCEA PLATFORM
ACCESS FOR LOCAL AND DIASPORA PROFESSIONALS**

The Allied Health Professions Council (AHPC) of Ghana has signed a Memorandum of Understanding (MoU) with the World Continuing Education Alliance (WCEA). This partnership is aimed at improving access to high-quality Continuing Professional Development (CPD) for all Allied Health Professionals licensed with the Council.

We are pleased to announce the following:

1. Allied Health Professionals practising within Ghana will enjoy free access to the WCEA CPD platform. This platform offers a wide range of internationally accredited CPD contents to support skills development, career growth, and license renewal. This initiative is part of the Council's commitment to enhancing professional standards across the country at no cost to our local practitioners.
2. Allied Health Professionals in the Diaspora who wish to maintain their practising license in Ghana may also access the WCEA platform. However, a mandatory annual subscription fee will apply to diaspora users, effective June 9, 2025. This subscription grants access to CAAHEP-accredited content from the USA and content accredited by the UK's National Health Service, both of which are widely accepted globally for CPD.

To renew their license, Diaspora professionals must maintain an active WCEA subscription and obtain 20 CPD points for Degree professionals, 15 for the Diploma holders and 10 CPD points for the certificate holders, annually.

This development marks a significant step toward broadening learning opportunities and ensuring that all Allied Health Professionals, whether based in Ghana or abroad, have access to credible and globally recognized professional development resources.

Yours faithfully,

Daniel Atta Nyarko

Ag. Registrar
